Mr. Jeff Larson Illinois Environmental Protection Agency Land Pollution Control Division 2200 Churchill Rd. Springfiled, IL 62708

Dear Jeff,

It was certainly a surprise to find someone on the train reading a copy of my draft report. I appreciate you taking the time to review it. Please let me know how many copies of the completed draft you will want for your own use and distribution.

Also, if at any time the IEFA needs detailed local or regional investigations of past waste disposal practices. I would like to be considered as a possible contractor. Although I cannot offer the full range of services that an E&E can, I have a better handle on historical resources and feel that I could add considerable detail.

I hope to have a final report on East St. Louis out by March.

Sincerely,

Craig F. Colten

Associate Curator of Geography
